DOOR-TO-DOOR SERVICE

GOOD PRACTICES

Containers and bags must be placed out of your residence, on the public street and in a visible location, the evening before the scheduled day of collection after 7:00 p.m., in according with the refuse calendar

Empty containers needs to bring inside your home after the waste is picked up by GEA operators.

Do not leave/place waste outside the containers.

Don't confuse your containers with those of your neighbors, each container has a barcode assigned to the individual user. It is everyone's responsibility to take care of their assigned containers.

Use the containers provided with the diligence of a good family man, providing for their periodic cleaning.

SERVICES

FOR AN INCREASELY
SUSTAINABLE TERRITORY

Comune di Roveredo in Piano

1st JANUARY 2022: START THE NEW WASTE COLLECTION SYSTEM

"DOOR-TO-DOOR" WASTE COLLECTION

PAPER AND CARDBOARD

How to dispose of the waste

Inside the wheeled blue container- 120l.
(paper must be disposed loose, DO NOT use plastic bags).

Collection will be performed every two weeks on WEDNESDAY (in according with the refuse calendar).

Type of waste

Newspaper, books, workbooks, photocopies and various papers, clean cardboard packaging (reduced in pieces), "Tetra Pak® -type" beverage cartons (e.g. milk, rinsing before disposing).

PLASTIC AND CANS/METAL PACKAGING

Inside the yellow bags (do not use other bags).

Collection will be performed every two weeks on WEDNESDAY (in according to the refuse calendar-alternate with plastic).

Plastic bottles and packaging, bags, clean styrofoam, plastic cups and plates, coat hangers, food cans, aluminum trays, cans (rinsed and free of residue).

NON RECYCLABLE DRY WASTE

Inside the wheeled gray container -120 l.

Container is also equipped with a device for reading the waste (inside the container can be used any bag, NO loose waste)

Pick-up collection will be performed every two weeks on FRIDAY (according with the refuse calendar).

Dirty paper, diapers, sanitary napkins, cigarette butts, pottery, plastic items, plastic cutlery, glass and crystal glasses, non-compostable pet litters.

GARDEN WASTE AND CLIPPINGS

Grass clippings must be disposed of in bags and branches must be tied in bundles.

Collection must be performed in according with refuse calendar.

The alternative disposal of garden waste can be brought -free of charge- at the Ecological Platform located in Roveredo, Via Del Mas.

Grass clippings, cut flowers and house plants, garden waste, leaves, branches, pruning of trees and hedges.

Free home service up to a maximum of 1 cubic meter per collection. Home Service pickup of larger quantities is not free of charge.

Trash containers and bags must be placed -only when they are full- out of your residence on the side walk, out of your gate, according to the refuse calendar that will be distributed soon.

PUBLIC STREET WASTE COLLECTION

ORGANIC WASTE

How to dispose of

Inside the brown public street container (open with the provided key). Waste must be placed inside the biodegradable bags only)

Type of waste

Kitchen scraps, leftover food, spoiled food, coffee grounds, tea filters, small prunings, greasy paper towels, unburned ashes from fireplaces, small bones and fish bones.

GLASS

Inside the green public street container

(open with the provided key). Glass must be disposed of loose and without bags

Glass bottles, jars (caps must be removed).

Provided key opens the glass and the organic waste public street containers placed throughout the municipality. It is forbidden to make copies of the provided key as they damage the lock. If the key should break or get lost, please contact GEA while the American citizens will have to contact Aviano AB - 31 CES/CEI at 0434 302511.

FREE OF CHARGE "DOOR-TO-DOOR" COLLECTION SERVICES BY RESERVATION

DIAPERS

Domestic users: additional 120 liters wheeled container (by request).

GARDEN WASTE

For large quantities of garden waste: can be requested for a special wheeled container.

Contact the GEA toll-free number or go to the GEA info-point located at Roveredo (active from 1 January 2022).

OTHER WASTE/ services remain unchanged for the following wastes: large durable goods, electric and electronic household appliances, exhausted oils/mineral and vegetable oils, and ect. (www.gea-pn.it/comuni/servizi-roveredo-in-piano/ or MyGEA App and for Aviano AB <https://www.aviano.af.mil/Site-Pages/Recycling/>)

MONITORING OF WASTE DISPOSAL

In support of users and during the **start-up period** of the service, Gea's operators will perform sample **checks** on the waste disposed of and, **if the waste found is non-conforming**, the operators will issue a note with the errors made.
