Step 1: Get the keys - Step 2: Add the key to your account - Step 3: Log in with the key.

Step 1: Get Keys - In this guide, you will learn how to get encryption keys for Windows 8 and Windows RT just for your account. To do this, you will need to: *

- Download to your computer and run the installer for Windows 8 and Windows RT.
- In the next window, click Install Now. *

When the download completes, you will see a screen to activate Windows. If you already have a licensed version of Windows 8 or

Windows RT and you have activated it, you
can skip the next step.
