8/10 By: Kirtoorstudios - 8/8/2013 Hi there, Im a long time fan of Fantasy RPGs and this game is one of the best I have played so far. the gameplay is awesome, the story is great, the graphics are great, the monsters are fun, and the DLC is great. The combat is fun and fast paced. Its a great game, play it. 8/8/2013 8/8 By: Sfranz- 8/6/2013 I really enjoy this game, its not exactly like any other RPGs on the market. The combat is fun and challenging, the story is epic and the graphics are excellent. If you enjoy 1st person dungeon crawlers then you should really give this game a try. 7/10 By: Bolton- 7/8/2013 The graphics are very good, however the game is not like any other RPG i've ever played. The game is extremely difficult, and because of this the game is

extremely clunky and rough. The gameplay is not amazing. It's very fast and easy, but its because of the clunky movement and the combat system. Its still a fun and an enjoyable game, but it's not for novices in the genre. If you are new to RPG's you may enjoy this game. 7/8/2013 7/8 By: Puck- 7/1/2013 This game is like if Final Fantasy 7 and Dragon Quest come into one game, you have the combat system from Final Fantasy, and the experience from Dragon Quest, and you have it all in an open environment. The only problem is that the story is a bit boring. 7/1/2013 6/10 By: kwebduck- 6/2/2013 I have always been a fan of the Final Fantasy series of RPG's and I finally have found one game that I can say that I really enjoyed. The combat system is a lot like the FF series, and much better than any RPG I have played before. The story is really good, and the characters are all interesting to meet. The only problem I have with the game is the terrain. The outdoor part is huge and there really isn't much terrain besides a few bushes. The indoor part was more realistic, and the enemies were better. I really like how the story bff6bb2d33

1. About the Tarnished World - Elden Legend In the Ages Between, an imbalance in the energy between the World of Mortal and the World of Gods generated the Tarnished World. The Tarnished World is a plane where Tarnished and Fertile Worlds are connected. It is a place where we fight for strength through violence. Here, conflicting energies generate random phenomena. However, in the recent past, the Tarnished World began to undergo a mysterious change. Hundreds of new emotions began to emerge. With no apparent reason, they caused the stones of the World of Mortal to turn rotten. At that time, some people with strong emotions suddenly arrived in the Tarnished World. Following them, the World of Mortal began to lose its order. This process is happening as we speak. The World of Mortal has fallen into despair, and the people of the World of Gods have also been touched by its corruption. The Tarnished World, a place where the energies of Magic and Violence are confronted with each other, became the height of conflict, leading to an unprecedented, dangerous chaos. I come from the lands between. In this dire situation, I must rescue the people of the World of Mortal and guide them to peace.
