

# **AutoDocMail Plug-in For Adobe Acrobat Crack License Key [Latest] 2022**

**Download**

After installation and configuration of AutoDocMail Plug-in on your computer you will get Acrobat Reader (if your Acrobat is already installed) or launch Acrobat Reader. Depending on the configured settings, the AutoDocMail plug-in will search for the available recipients in the PDF document and provide them the option to automatically receive a PDF document by sending them an email. Document properties containing the name and email address of the recipient will be added to the PDF and it can be set as the default receiver. If AutoDocMail plug-in is unable to find the recipient in the PDF document or has a problem to send email, it will prompt a dialog to ask for receiver's email address and it will be added automatically.

Choose your default receiver, specify a name for the recipient and click OK. The receiver's name will be added to the document properties, just click OK and you are done. Go back to the menu

bar and click on Preferences>Plug-ins to configure your plug-in. AutoDocMail is an advanced plug-in for Adobe Acrobat or Adobe Acrobat Professional software for automatic distribution of PDF documents via e-mail. This application will enable you to automatically email PDF files that already contain receivers' email addresses specified within the document text or properties. E-mail volumes of personalized PDF documents such as invoices, statements, reports, bills and etc. Increase your productivity and save valuable time.
